

Postdoctoral Position at the University of Tübingen

The Computational Astrophysics section of the Institute of Astronomy and Astrophysics at the University of Tübingen has an opening for a Postdoctoral Position in the field of

Planet Formation

Applications are invited for a Postdoctoral research position at the Institute of Astronomy and Astrophysics at the University of Tübingen (IAAT). The city of Tübingen is a picturesque old town in Southwest Germany with a relatively large student population.

The research activities of the IAAT include Astronomy, Instrumental Design/High Energy Physics, Computational Astrophysics and Relativistic Astrophysics. The focus of research of the Computational Astrophysics group lies in the field of planet formation and the physics of accretion disks.

The successful applicant will carry out original research in the field of Planet Formation working in the group of Professor Wilhelm Kley. Funding is within the German Research Foundation (DFG) Priority Programme 1992: "Exploring the Diversity of Extrasolar Planets". Emphasis lies on the formation and evolution of systems with multiple planets.

The appointment is for up to three years and paid according to German public service scale. Applicants should send a curriculum vitae and bibliography electronically to wilhelm.kley@uni-tuebingen.de. Please ensure that three letters of recommendation are sent directly to the above e-mail address.

All applications will receive full consideration until the position is filled. The University of Tübingen seeks to increase the fraction of female scientists in research and teaching and particularly encourages applications from women. Disabled candidates are given preference if equally qualified.

The **Deadline** for receiving the applications is 30 September, 2017.

Prof. Dr. Wilhelm Kley
Institut für Astronomie & Astrophysik
Universität Tübingen
Auf der Morgenstelle 10
72076 Tübingen
email: wilhelm.kley@uni-tuebingen.de.

All applications will receive full consideration until the position is filled.
